At claim 1, line 33, delete "(ii)"

DETAILED ACTION

Response to Amendment

2. This Notice of Allowability/Examiner's Amendment is responsive to applicant's remarks received on 16 June 2009. Claims 2-16 are canceled and claims 1, 17-35 are currently pending.

Claim 1 has been amended and no new matter has been added. The amendments as presented are approved and entered.

Response to Arguments

3. Applicant's arguments, see page 9-17, with respect to "The Prior Art Rejections" have been fully considered and are persuasive. The rejections of claims 1, 17-35 have been withdrawn.

Allowable Subject Matter

4. Claims 1, 17-35 are allowable. The claims have been renumbered as 1-20.
5. The following is an examiner's statement of reasons for allowance: The prior art made of record does not singly or in combination suggest or teach at least the claimed limitation of "controlling a plurality of light-emitting devices and an image pickup device unit to achieve the spectroscopic image capturing mode and moving image capturing mode". The closest prior art reference(s) (USP 7,106,511 and 7,106,958) do not teach or suggest "switching the image capturing unit between a spectroscopic image capturing mode in which it obtains a still image of a subject spectroscopic image and a moving image capture mode in which it obtains a moving image thereof". For at least the reasons stated above, the claims distinguish over the prior art and are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mia M. Thomas whose telephone number is (571)270-1583. The examiner can normally be reached on Monday-Thursday 8am-5pm.
